

Pituitary Tumour Network Canada Patient Workshop

Date: November 21, 2015

Location: Hyatt Regency Toronto

370 King St. West, Toronto, ON M5V 1J9

Room: Regency A B

Updates on Pituitary Tumours & Other Related Diseases: Diagnosis, Treatment and Access

This meeting provides an opportunity for patients to reconnect and learn about new developments in diagnosis and treatment of patients with pituitary tumors & other related diseases, and to collaborate on addressing the opportunities and challenges to improve timely access to diagnosis, information, and best therapies. Participants will share their experiences, learn from key healthcare professionals and collaborate on actions to enhance clinical care and support for all Canadian patients and families.
